Framing for the 21st Century

A Different Kind of Frame

Whether in ancient times or modern times, a brick mason must have an eye for design. A knowledge of the industry and trends. Proper skill, technique and experience. Only the highest quality materials. Excellent communication and client focus. When these elements are combined, the end result has been some of the world's finest structures ever built. The same holds true of Frame Mason when speaking of handcrafted picture frames.

Located in Dawsonville, Georgia, Frame Mason owners Mason Whitaker and Rhiannon Ludlow have over 25 years combined experience. Rhiannon's knowledge spans art history, color theory, photography, graphic design and fine arts. Mason's extensive experience in framing design and techniques brings new ideas to the framing industry.

Frame Mason has a simple philosophy of clean designs and pairings, quick turnaround, competitive pricing and unsurpassed client communication and consultation with every step of the framing experience.

We are the change agents to bring the framing industry into the 21st century. Technology is ever changing and our tech savvy team is always looking for ways to innovate.

Our immense array of vendors from around the world can inspire you to choose the perfect moulding. Let us help you create a frame to make your masterpiece illuminate through eternity.
